AESTHETIC ER®

EMERGENCY COMPLICATIONS IN AESTHETIC MEDICINE & SURGERY

ADVANCED EMERGENCY EDUCATION
FOR AESTHETIC PROFESSIONALS

DAY 1

THE CLINICAL EMERGENCY MINDSET

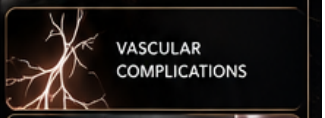

FROM AESTHETICS TO EMERGENCY AND BACK

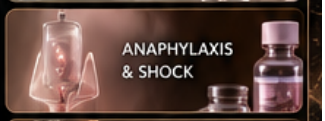

08:30 – 09:00	**Welcome & registration** Accoglienza, materiali e introduzione al corso.
09:00 – 09:30	**Opening lecture: When beauty becomes emergency** Il confine sottile tra trattamento estetico e complicanza clinica.
09:30 – 10:30	**Vascular Occlusion & Skin Ischemia** Riconoscimento precoce, red flags, timing decisionale, protocolli immediati.
10:30 – 11:00	Coffee break
11:00 – 12:00	**Filler Complications: from mild reaction to disaster** Noduli, infezioni, necrosi, delayed reactions, gestione step-by-step.
12:00 – 13:00	**Botulinum Toxin Complications** Complicanze neurologiche, disfagia, ptosi, diffusione indesiderata, gestione clinica.
13:00 – 14:00	Lunch break
14:00 – 15:00	**Anaphylaxis, Shock & Syncope in the Aesthetic Clinic** Quando il paziente collassa: riconoscere, trattare, decidere.
15:00 – 16:00	**Airway Compromise & Respiratory Emergency** Gestione delle vie aeree nello studio estetico: cosa fare prima dell'arrivo del 118.
16:00 – 17:30	**Aesthetic ER Kit® — Emergency Drugs & Tools** Farmaci, presidi, algoritmi rapidi, organizzazione dello studio.
17:30 – 18:00	**Luxury clinical debrief** Discussione guidata su errori, responsabilità, comunicazione e prevenzione.

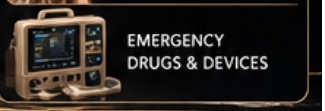

KEY TOPICS

DAY 2

REAL WORLD SIMULATION & CRISIS CONTROL

09:00 – 09:30	**Briefing simulazioni** Ruoli, team leadership, crisis communication.
09:30 – 10:30	**Scenario 1 — Vascular Occlusion after filler** Decision-making sotto pressione.
10:30 – 11:30	**Scenario 2 — Anaphylaxis in outpatient practice** Protocollo, adrenalina, monitoraggio, chiamata emergenza.
11:30 – 12:00	Coffee break
12:00 – 13:00	**Scenario 3 — Syncope vs deteriorating patient** Come distinguere il banale dal pericoloso.
13:00 – 14:00	Lunch break
14:00 – 15:00	**Scenario 4 — Airway compromise after procedure** Gestione del panico, ossigenazione, escalation.
15:00 – 16:00	**Scenario 5 — Cardiac arrest in clinic** Basic life support, team roles, defibrillazione, chiamata soccorsi.
16:00 – 17:00	**The INTUBATI EM Method** Human factors, leadership, chaos management, comunicazione con paziente e team.
17:00 – 17:30	**Final Mega Scenario** Complicanza estetica complessa con deterioramento progressivo.
17:30 – 18:00	**Final debrief & certification** Checklist finale, take-home protocols, consegna attestati.

HANDS-ON & SIMULATION

INTERNATIONAL FACULTY | EVIDENCE-BASED APPROACH | HANDS-ON TRAINING | REAL CASES & SIMULATION | SAFETY IN DAILY PRACTICE
